Susan Mason

Lost In A Crowd Of Faces,
Searching For Myself.

Dear Susan,

This year has been the best!! We had the best experiences, from Homecoming to Roller-skating. (My eyes will never be the same!!) I have gone through the "I want a boyfriend" to the "I like him so much" stage. We have gone through the "turn on" DHEA quirk! From I write where all acted like wild animals, to Wesley's where we were even ~~more~~ ^{full of} enthusiasm, to Hackney's where we had our Shirley Temples (let's be mature now). Then, there's the time I slept over at your house! Susan took up, click. You really deserved it since so many of the ones you took of me came out and none of the one's I took of you came out. Remember Stacy's when we all were throwing the m & m's down each other's... Or, how about the spoon game, "you guy's stop, it tickles," hold it a second, I have got to go to the bathroom! Or how about when Mike called and said "hey, it sure seems you guys are drunk!" on Shirley Temples maybe. How about those Friday nights when there was backgammon and... What about the surprise party for Ron for the I'm not supposed to tell you this but if you promise not to tell anyone I'll tell you! What about the time we went to the beach and we got picked up (sort of) going back further, how about the "I want to like him, but I can't. Or even further." Guess who I talked to, I talked to Marty Kessler!! Susan, have you played the Dating Game recently? Susan, I don't think we should do it tonight because I don't want to get nano, especially before I write! Susan, have you been babysitting lately, if so, don't answer the doorbell, you don't know who might come to the door. Oh, there's one more, how could I have forgotten this one. "Susan, I hate you!!" and another one "Susan, you, re so gay!!" From everything that we've gone through this year, (there's many that I can't print), ~~the~~ ^{like} the legend of Hazel or "Susan you're such a brute!" Getting back to the point, Susan this year I have learned many things. One of the most important things that

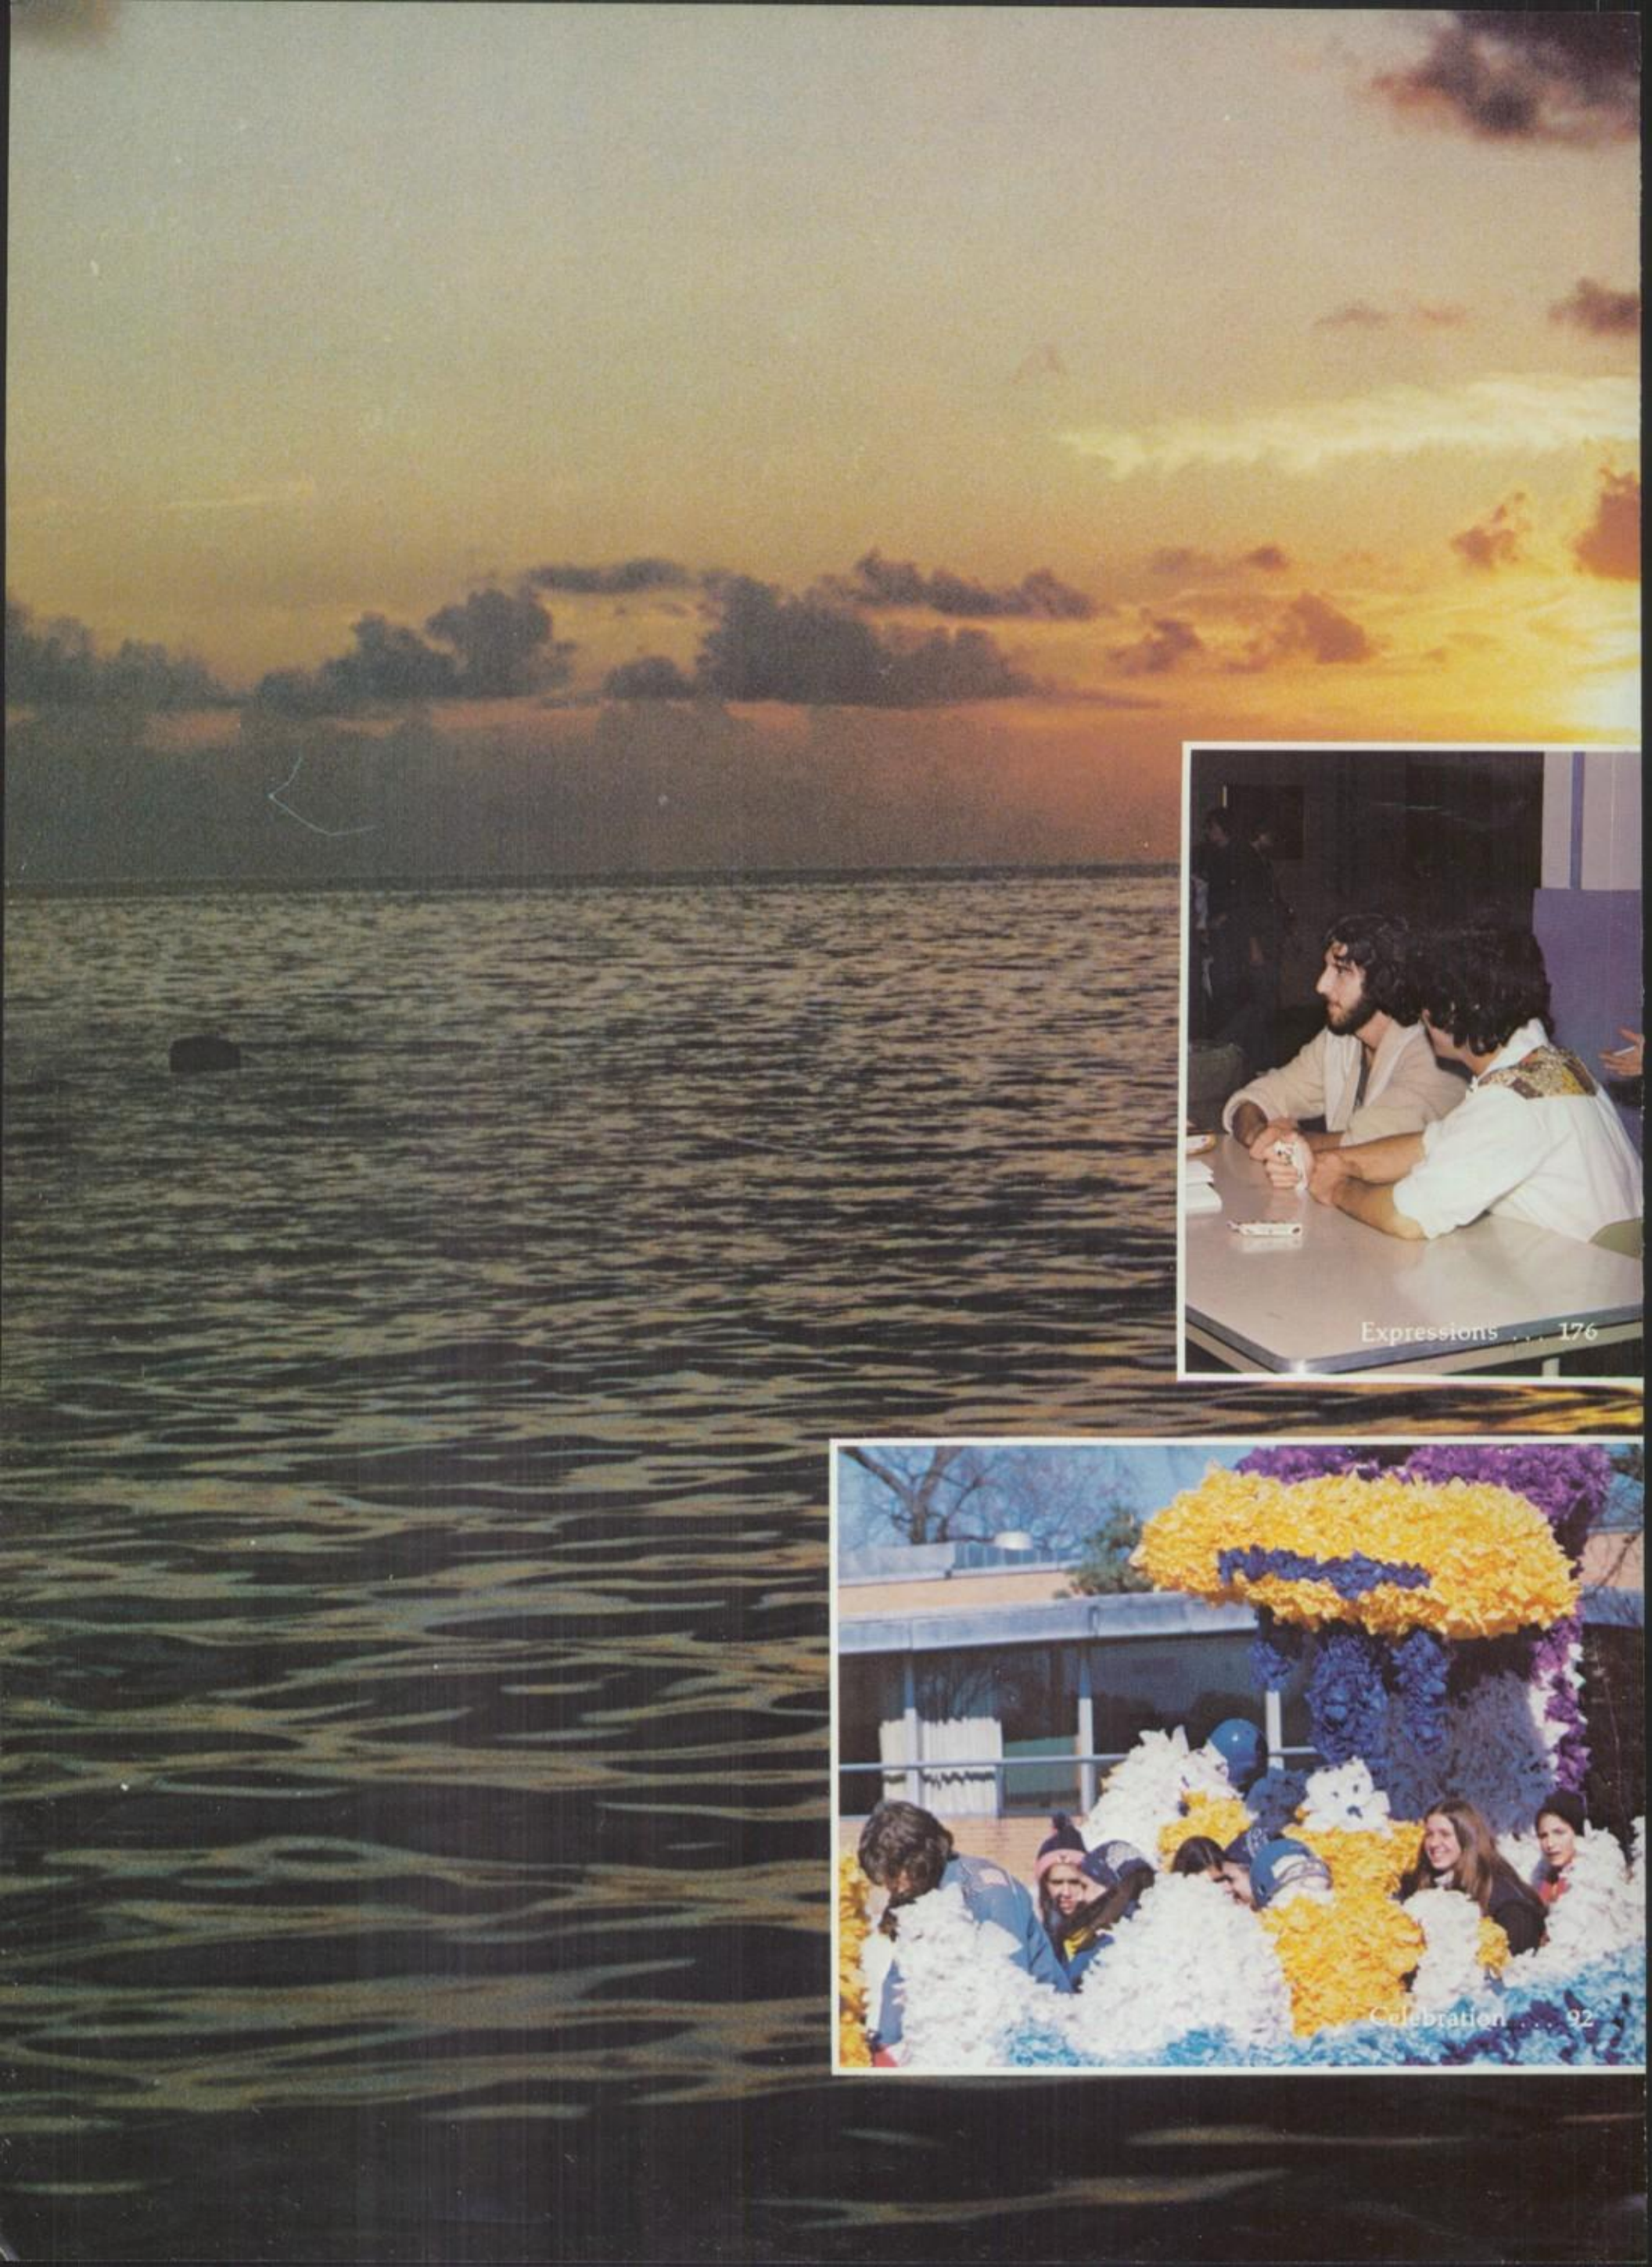

have learned is friendship is the key to all happiness
soon, you have proved this true many times to me
because you are my best friend love and happiness always

I Am One, Though Only One; There's So Much I Can Do . . .

I am a person . . . a unique individual
. . . I strive to express myself in my
own special way.

I work hard . . . I find satisfaction in
accomplishing something worthwhile
. . . I learn from my mistakes, for ex-
perience is my guide.

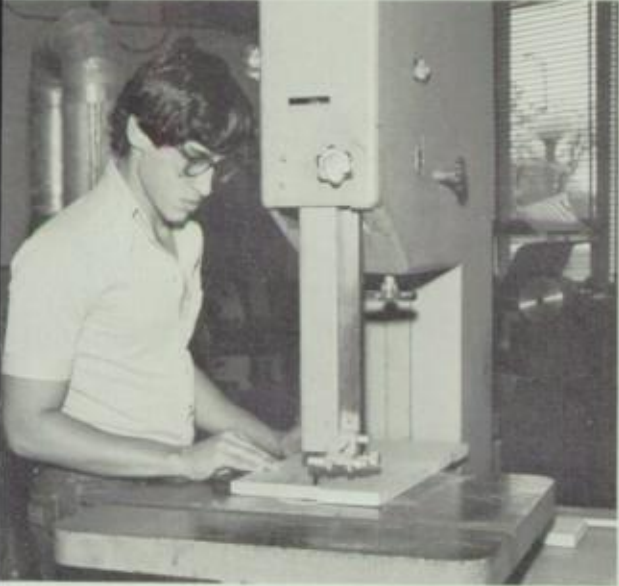

I yearn to explore . . . the wonders of
the world amaze me; there are vast
areas upon which I have never
touched . . . I hope to find the time to
do all the things that I want to do.

I realize that every individual has a
different potential . . . he does his part
and I do mine . . . that is what is so
beautiful about the world.

"If a man does not keep pace with his
companions, perhaps it is because he
hears a different drummer. Let him
step to the music which he hears how-
ever measured or far away."

Niles North Gets A Face Lift

Niles North's eleventh year brought about many new changes in school structures and procedures. Convenience was the primary reason for moving the deans to the main office. Their centralized location allows them to confer with more students and offers immediate access to student and attendance records.

Strengthening academic growth effectively is the main objective of project Sage. A further extension of peer counseling, Sage is subsidized by the federal government and is lead by former Northi counselor, Mrs. Lorraine Rubin. Sage leaders are comprised of interested student and faculty members.

Enlarging the Individualized Instruction Center proved to be valuable for participants in that program. This arrangement enables the coordinators to meet with more students in a less confining atmosphere.

For the majority of this year, students received mailers only once a week. With this new system in effect, Northi administrators hope to lessen school expenditures.

The student lounge was constructed to promote a relaxing atmosphere at school. It is available for extra curricular activities. These additions indicate that as the years passed, modifications are necessary to fulfill the needs of those at Niles North.

We Did It All For You!

Dear Susan, 8/22/76 21 to 11 (25 or 6 to 4)
 Vacation is almost over and I haven't signed
 your yearbook yet? Well we've become such
 good friends lately. You were in Geometry with me
 first semester
We Need People . . .

. . . Like We Need The Sun

Slowly morning breaks. The sun impatiently rears it's head toward the sky emitting violet hues on the ocean. The world seems to be rising from it's star lit nap and . . . life begins once again.

The sun, our provider, is essential for our survival. It generates warmth among us and it guides us to seek knowledge to expand our minds. The sun brightens the happy moments that we share with those around us. We can not do it alone. Interaction with people is as vital as sunlight. Streaks of light flashing through an inquisitive mind, beams of happiness glowing from a smiling face, . . . a sunbeam touched my heart and a friendship's warmth filled my soul.

"No man is an island, entire of itself; every man is a piece of the continent, a part of the main; if a clod be washed away by the sea, Europe is the less . . .; any man's death diminishes me, because I am involved in mankind; and therefore never send to know for whom the bell tolls; it tolls for thee."

— John Donne

Dear Susan,

I'm really ^(I can't spell) glad we became friends chorus

stuff together (us November babies) Have a great summer
you're a great kid. Call me we have to get together
after you get out of summer school Good luck always

Surroundings Shape Our Lives

Few people realize the impact that our environment has on our lives. At various places in the community, we have spent long hours working, socializing, and growing. Life would hardly be the same for a typical Northi student without a McDonald's hamburger or a Dairy Queen ice cream. Where else could we go to knock out our frustrations but the local bowling alleys or seek solitude in one of our many movie theaters.

Without a zoo nearby, members of the community find it necessary to tee off at a local jungle, Par King. No person would be complete without the opportunity for vigorous exercise that the Skatium, Devonshire pool and parks provide. The local J.C.C., a center of community involvement, has facilities for those of all ages and interests.

Transportation is a must for how would we be able to take advantage of the many shopping centers in our area. Although we may not all be a product of our environment, surroundings surely play an important part in the development of our lives.

World Affairs Touch Us

"It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness . . ." — Charles Dickens

. . . it was a time for beginnings. Not only did this year celebrate the bicentennial of our country, but it also marked the onset of significant breakthroughs in domestic and foreign policy. With hopes of furthering knowledge in outer space and strengthening bonds between their countries, the United States and the Soviet Union embarked upon the Apollo Soyuz Mission in July of 1975. Astronaut Thomas Stafford and Cosmonaut Alexei Leonov exchanged

valuable technological information during their joint orbit of the earth.

Because of long hours spent at negotiating tables during late August, U.S. officials were optimistic about a Middle east settlement. Confirming these reports on September 1, 1975, Kissinger stated that an interim settlement had been agreed upon by Israel and Egypt. Included in the agreement was monitoring by U.S. Peace Watchdogs, pending Congressional approval, over the controversial area.

On September 30, President Ford visited Skokie. Although he had to cancel his speaking engagement at North-

western University, Ford met members of the community outside of the Skokie Hilton. During Ford's overnight stop at the Hilton, security measures were tightened to avert the possibility of an assassination attempt. Becoming the first Japanese Emperor ever to visit the United States, Emperor Hirohito spent October 7, 1975 visiting Chicago and its outlying areas. Besides being entertained by Mayor Daley, Governor Walker and other prominent officials, Hirohito spent time on a farm while the Empress toured a hospital.

. . . it was a time of learning about others, it was a time of working with others, it was an age of compromise, it was an age of détente . . .

THEY MADE THEIR MARK

Men and women who helped shape America's history

THOMAS PAINE, a bankrupt Quaker corsetmaker, sometime teacher, preacher and grocer wrote the most brilliant pamphlet of the American Revolution. His words in *Common Sense* reflected longings and aspirations that have remained part of American culture to this day.

DANIEL WEBSTER chose law as a career and went on to become well-known in the courts and in politics. He was twice Secretary of State with an eye always to the Presidency which eluded him.

DOROTHEA DIX worked her entire adult life for reform of the existing penal and mental institutions in the mid-1800's. The first state hospital in the nation at Trenton, New Jersey was a direct result of her efforts.

The creator of the Cherokee alphabet, **SEQUOYAH**, was an artist, writer and silversmith. He used a simple 1821 English primer to compose the characters. The famous redwood trees of the Pacific coast bear his name.

Chief Justice **JOHN MARSHALL** established fundamental principles of American constitutional law. He is noted for his precedential declaration of a Congressional act as unconstitutional. He served through five administrations, from 1801-1835.

Born a slave in Maryland, **FREDERICK DOUGLASS** taught himself to read and write secretly and, at 21, escaped to freedom. He was an ardent abolitionist campaigning successfully for Negro suffrage and civil rights.

"The New Colossus," a sonnet composed by **EMMA LAZARUS** in 1883 is inscribed on a bronze tablet at the base of the Statue of Liberty. She organized relief for Jews and helped fugitives from the Czar's ghettos to establish homes in America.

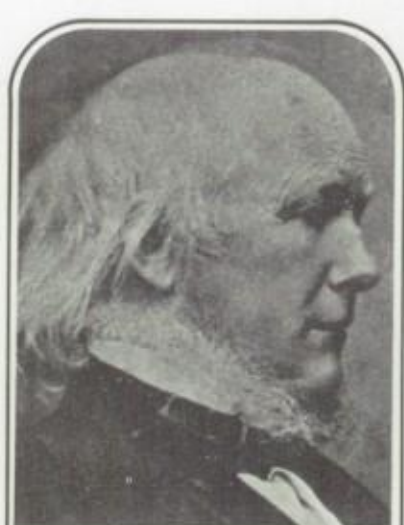

AMELIA JENKS BLOOMER, best known for a mode of dress she adopted during her campaign for equal rights for women. Though ridiculed until she gave up the costume, the term "bloomer" came to symbolize woman's bid for individual freedom.

ABRAHAM LINCOLN epitomized the American dream of a humble young man ascending to the highest office of the land. He was superbly skilled at analyzing complex issues and translating them into meaningful words for the public. He was devoted to the preservation of the Union.

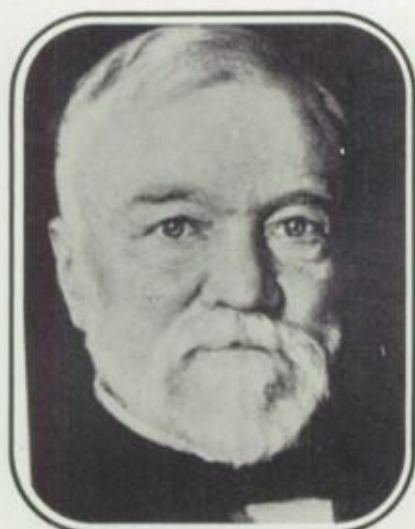

HARRIET BEECHER STOWE wrote *Uncle Tom's Cabin* in an effort to make the whole nation realize the inhumanity of slavery. Her book resulted in one of the most popular and controversial plays on the American stage. The Civil War was kindled by this work.

HORACE GREELEY'S admonition to "Go West young man" was a rallying cry of the pioneers of America. He was founder and editor of the *New York Tribune*. He was best known for his philosophy of social reform and his unsuccessful bid for the Presidency in 1872.

JOSEPH PULITZER was the first journalist to reach a truly massive audience. His *New York World* newspaper was the symbol of "yellow journalism" with its sensationalism aimed at the common man.

ANDREW CARNEGIE was a giant in the railroad and steel industries. He believed that it was the duty of a rich man to distribute his wealth during his lifetime. To that end, he established 2800 libraries and many cultural halls throughout America.

A lifetime passion for machinery led **HENRY FORD** to Detroit where, in 1896, he completed his first motor vehicle. The Ford Motor Company manufactured the first "Model T" in 1909.

One of the most elementary symbols of the American way of life was established when **J. EDGAR HOOVER** and his Federal Bureau of Investigation "G-men" set out to clean up the country. His career spanned over 40 years.

The motion-picture industry was revolutionized in America and **DAVID WARK GRIFFITH** became known as the "Father of the film art" and "king of directors" for his part in this revolution. His camera techniques were the pioneering steps of the industry.

Serving an unprecedented four terms as President of the United States, **FRANKLIN DELANO ROOSEVELT** was a popular leader who made extensive use of fireside radio chats to explain his plans and generate enthusiasm to push them through Congress.

ROBERT FROST's poetry was clear, understated, well-metered and told the stories of rural America. He was a four-time winner of the Pulitzer Prize and has been called America's poet laureate.

A plain, homely woman with tremendous appeal to the masses, who was always in the "thick of things" describes **ELEANOR ROOSEVELT** and her lifetime of politicking beside her husband during his four terms.

THURGOOD MARSHALL is the first Negro to serve as a justice of the Supreme Court. His law career was aimed primarily at civil rights cases.

The crippling poliomyelitis was conquered by **DR. JONAS SALK** in 1953 after more than 25 years of research. Polio was reduced by 96% in less than ten years. SALK's research continues in California at the Salk Institute.

MARTIN LUTHER KING was a leader in the cause of civil rights. He had been a pastor before turning to the cause of segregation. His leadership earned him the Nobel Peace Prize in 1964. He was assassinated by James Earl Ray in 1968.

Lieutenant Colonel **JOHN GLENN** started America's travels to outer space when he became the first American to orbit the earth. He had been an aviator in World War II and a test pilot in peacetime.

GERALD R. FORD, the first President to achieve the office without an election. In 1974, through a series of scandalous events, the Nixon administration toppled and FORD reached the position through approval by Congress.

What will the man of today do for the man of tomorrow? Over the past two hundred years, our ancestors built the foundations of our country. Mindful of their accomplishments and failures, we proceed, looking with anticipation to the future.

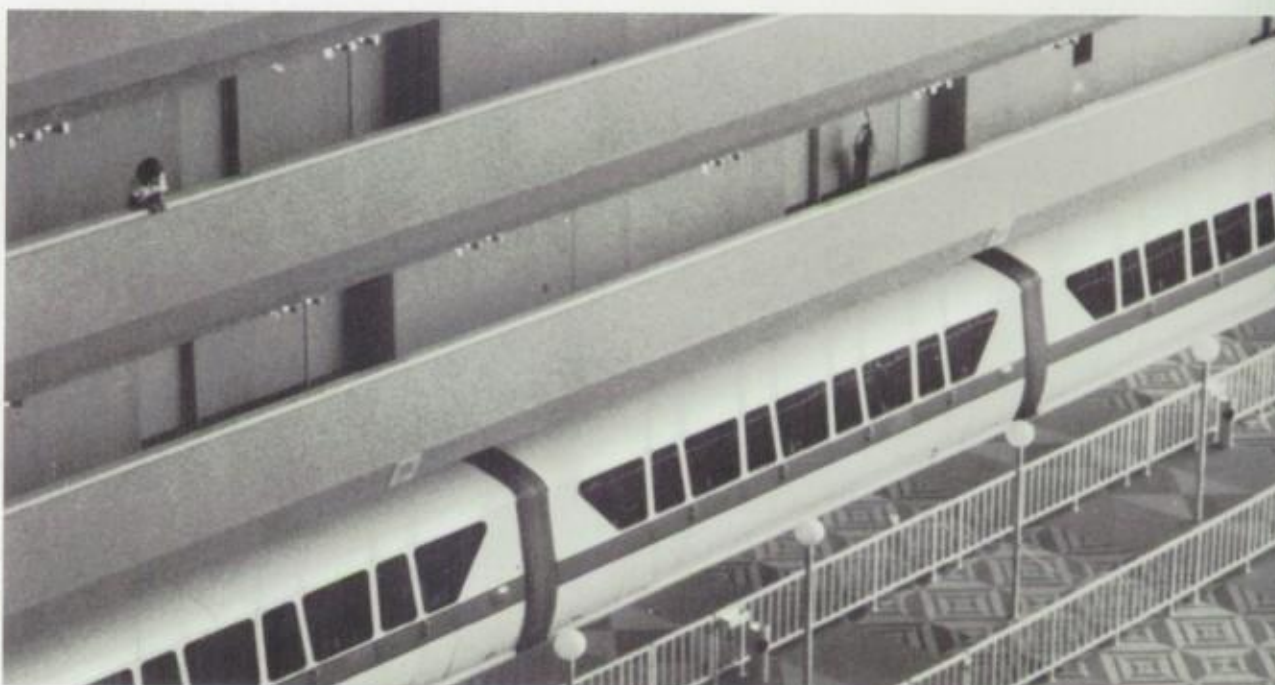

Where will our path lead? Is it conceivable that the bounds of humanity might one day extend throughout the solar system? Man has made remarkable advances in technology. Some have caused many to become alarmed over his dependency on machines. How will men use their newfound knowledge? Will total annihilation be the result of changing norms?

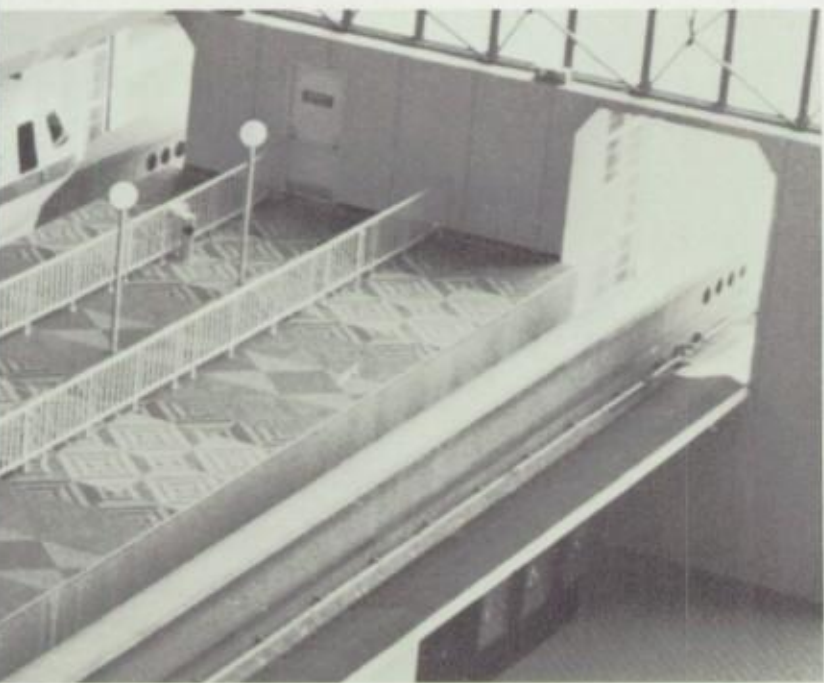

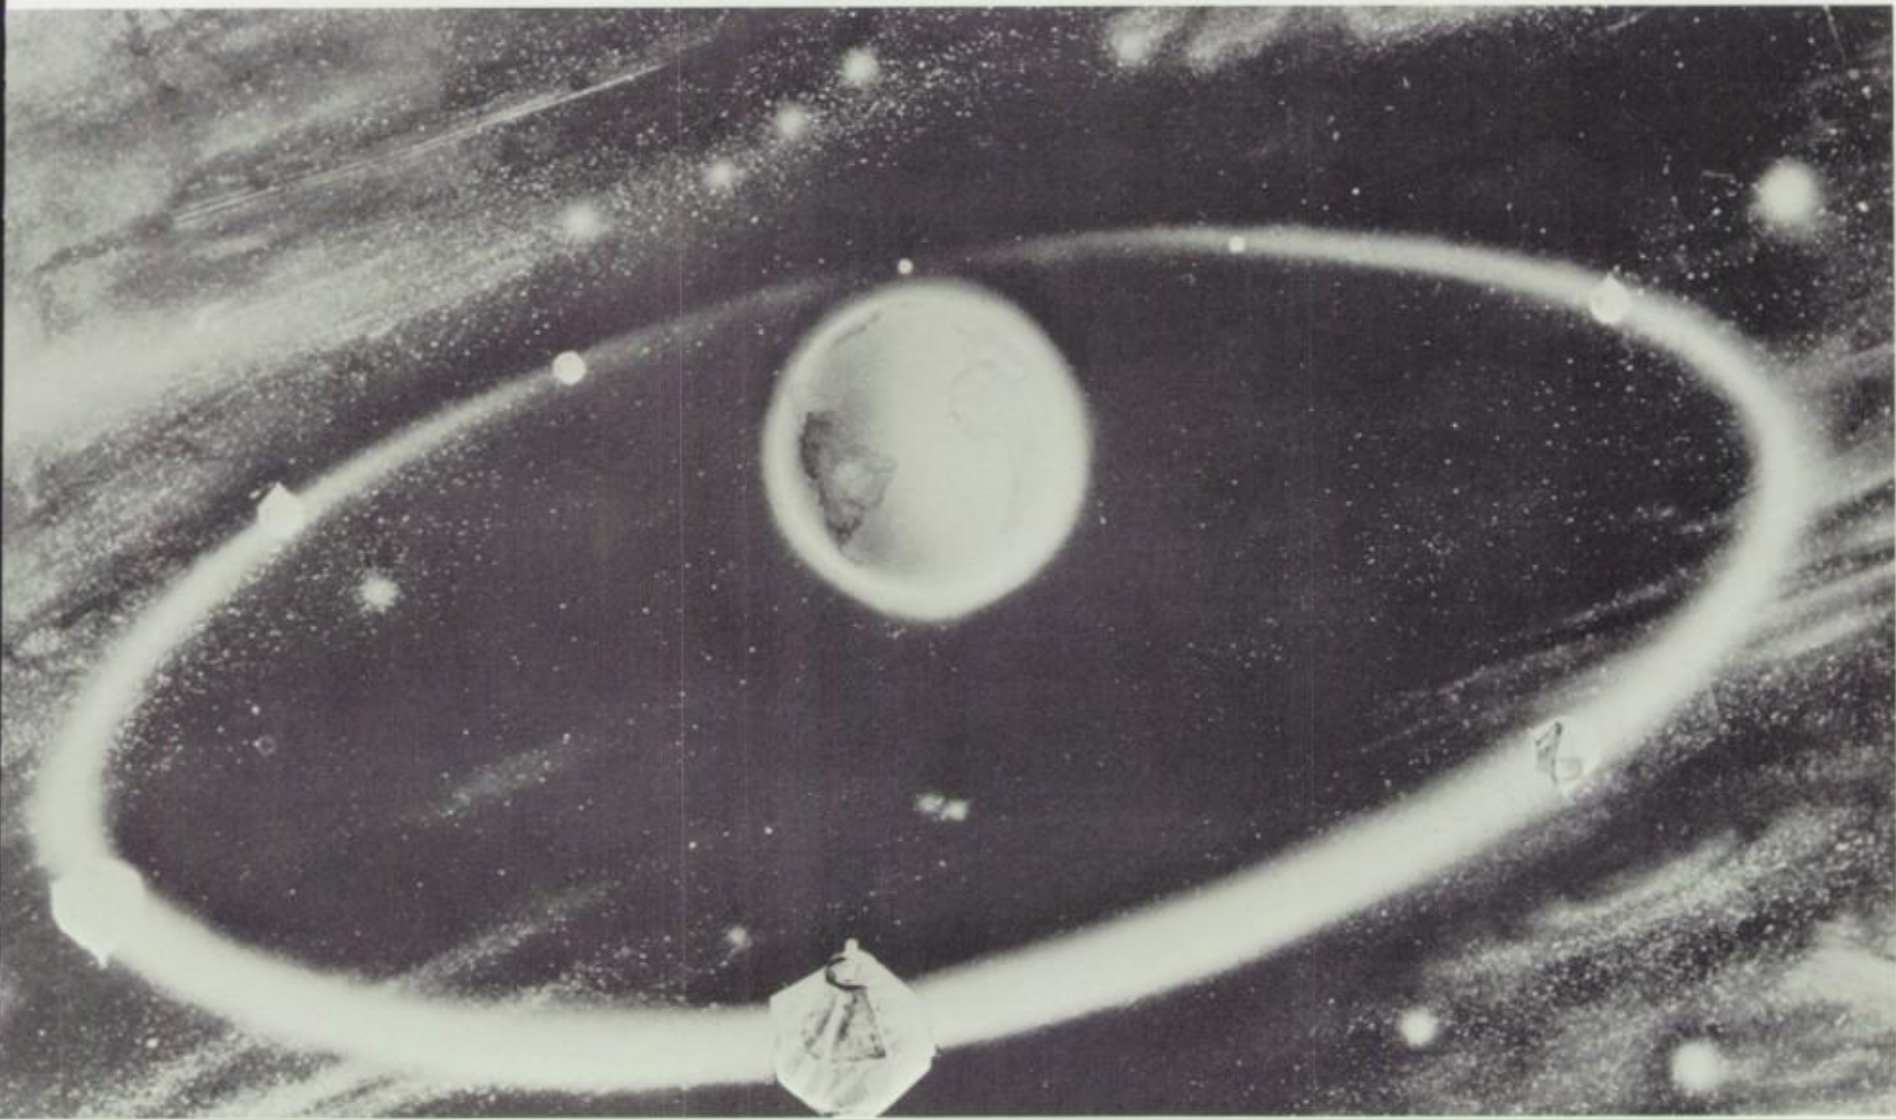

Groping for identity, will we be lost in the shuffle of a new society? Will massive architecture and rapid transportation destroy the beauty of the cities and the solitude of nature?

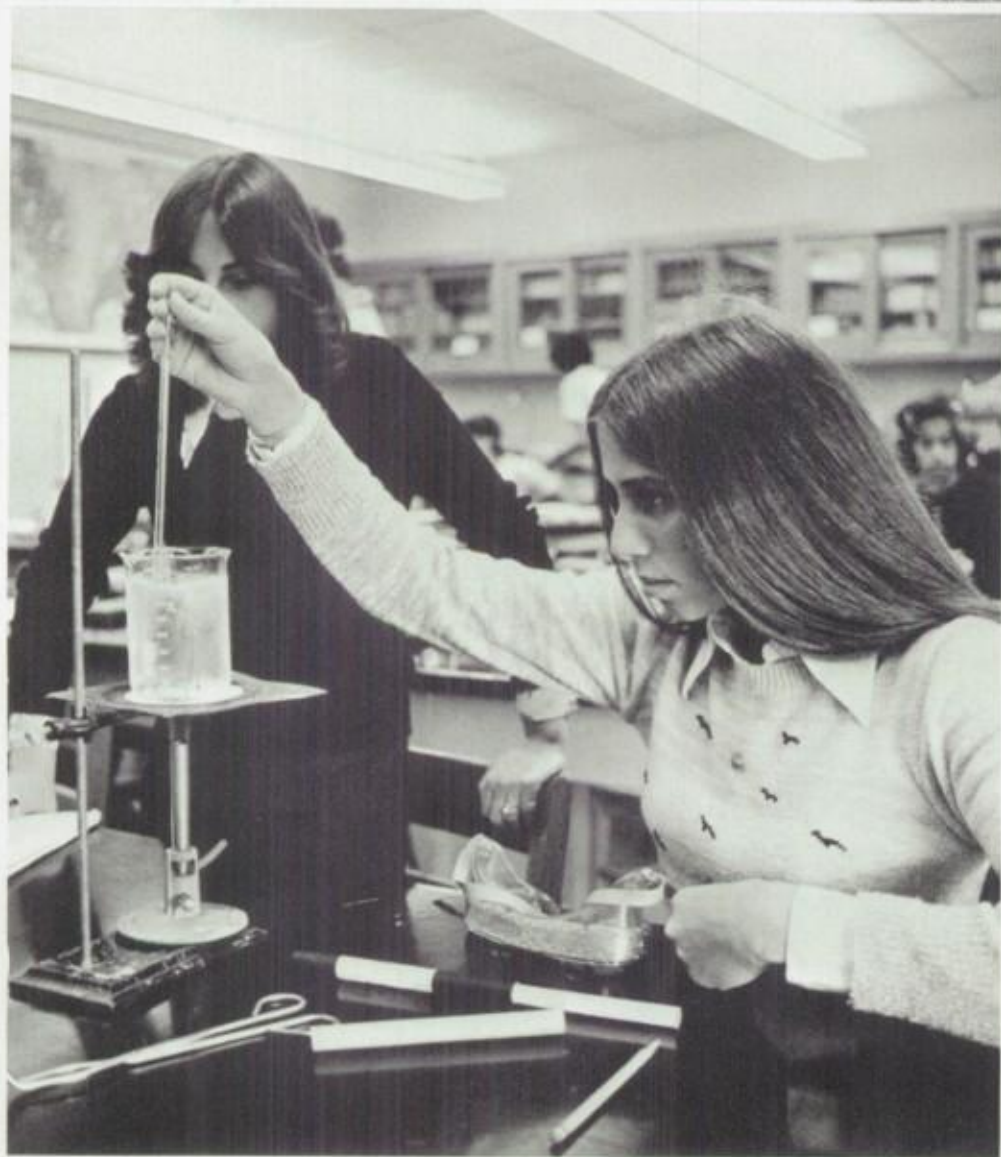

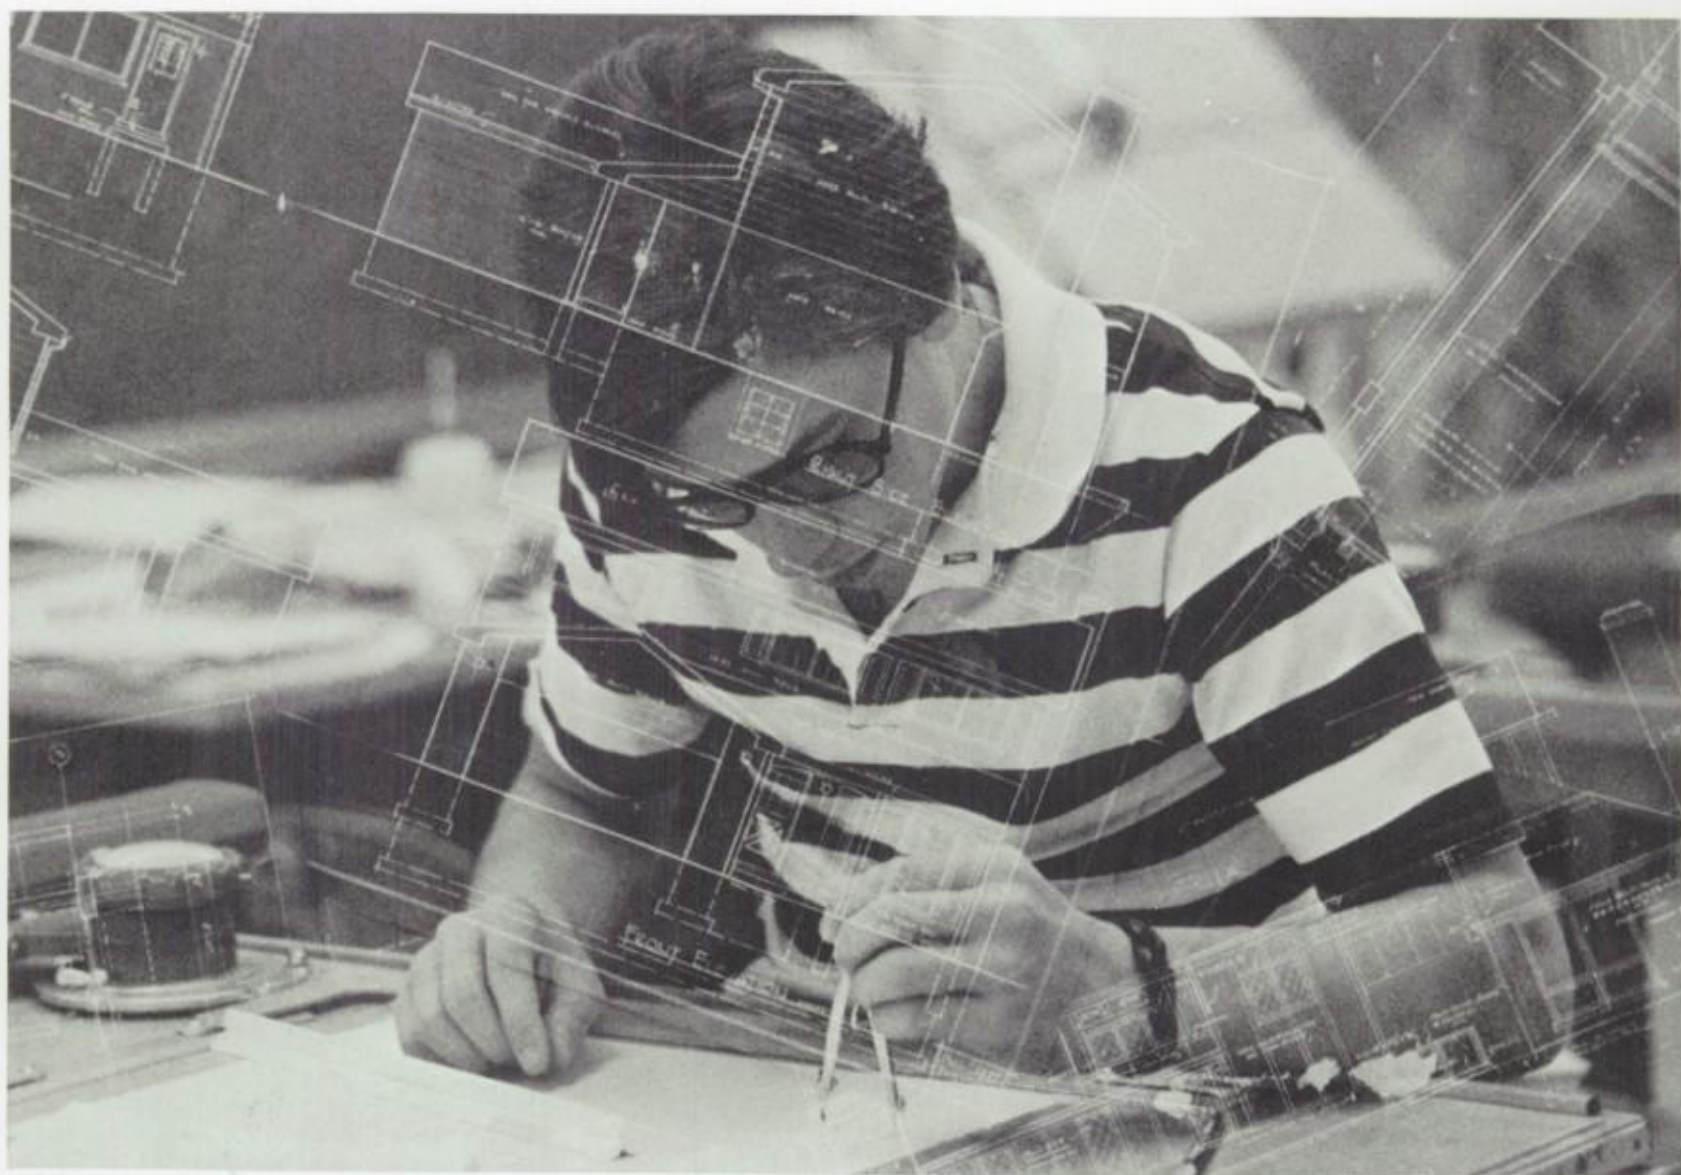

Spirit and motivation may be swallowed by the waves of advancement; will man use his ingenuity to enhance his achievements?

Only time will tell . . .

Debate

Announcers

Forensics

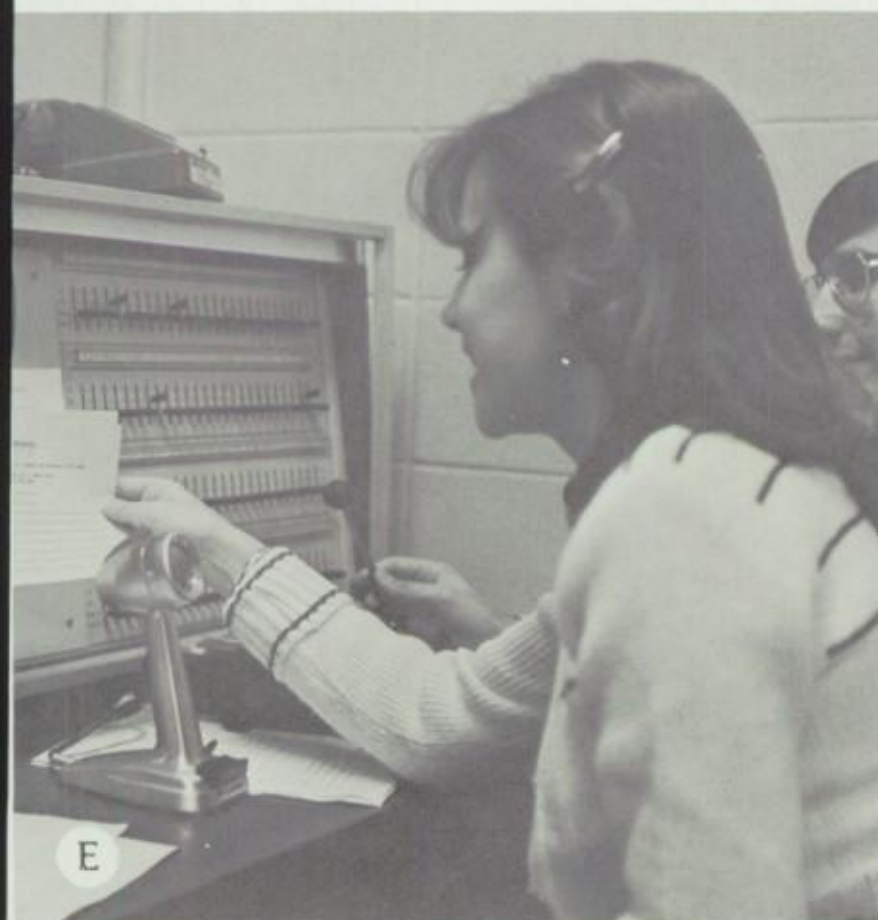

Each day during homeroom PA Announcers inform the Niles North student body of events occurring throughout the school. This year's PA Announcers were selected from students who auditioned last Spring.

Debate Team consists of a group of students who discuss and debate a variety of relevant subjects. Students debated whether or not "the development allocation of scarce world resources should be controlled by international organization." The students compete against other schools throughout the Chicago area. They are sponsored by Mrs. Lenore Kennedy.

Members of the Forensics Team participated in speech competitions at different schools throughout the area. Included among the various speech events are Radio Speaking, Prose, and Dramatic and Humorous Interpretation. Team members can qualify for a special competition called SCOTTY if they come in first place at any tournament. During the Fall and the Spring, some speakers presented bills to a special student congress held in Springfield.

"I find Forensics a great learning experience. There are many different individual events to compete in; you can pick one which suits your abilities and interests."

CLASS BOARD

Throughout the year, members of Freshman Class Board worked hard to raise money. Their main project was selling class of '79 buttons. Other activities included a taffy apple sale and selling candy hearts on Valentines Day.

By sponsoring Carnival '76, Sophomore Class Board provided entertainment for the Niles North student body. Various sales held this year provided the necessary funds to make the carnival a success.

Highlighting the year for the Junior Class Board was the Niles North annual prom. In addition to prom, a couple of the other activities that they sponsored were, a winter dance featuring Destiny and the sale of Homecoming Mums.

In celebration of the Bicentennial, Senior Class Board initiated a change in graduation procedures. The traditional purple and white caps and gowns were replaced by red, white and blue. Sponsoring a variety of dances, building the winning Homecoming float, and selling candy have kept members of Senior Class Board very busy.

School Government was the policy-making and decision-making body of Niles North. It was comprised of students, faculty, administrators, and parents. School Government met once a week during school to formulate policies and programs which concerned the entire school body.

The purpose of Student Congress was to represent the voice of the student body. Members introduced many recommendations concerning school issues. By holding an auction and canning, they raised \$1776.00 for the Forgotten Children's Fund. In honor of Martin Luther King Day, Student Congress sponsored the Tulane Singers.

Besides performing in concerts, the band participated in all pep assemblies, home basketball games, and a special Senior Citizens Concert held in May. Various band members also took part in the Solo and Ensemble Concert sponsored by the Illinois High School Association.

Intermediate Band Orchestra Madrigal Choir

Striving to improve musical ability was the goal of those students involved in Intermediate Band. Members met during school hours in order to perfect musical scores. Intermediate Band was featured in various concerts held throughout the school year.

Instituting additional instrumentation of nonstring instruments helped to improve the quality of music. Mr. Arnold Sklar, Orchestra director aided students in improving their musical skills. Along with other musical groups, the Orchestra participated in many concerts.

Meeting four mods every week, students in Madrigal Choir rehearsed songs from the Renaissance Period. Madrigal Choir was composed of those students who were most advanced in their singing ability. In March, the Choir competed in the Illinois High School Association Contest.

"Madrigal Choir is most enjoyable for me, it is an advanced Choir. The music is from the Renaissance Period and is to be sung acappella. This mini course challenges the students to learn more music, at a faster pace." — Becky Wassel

P.E. Leaders

N Club

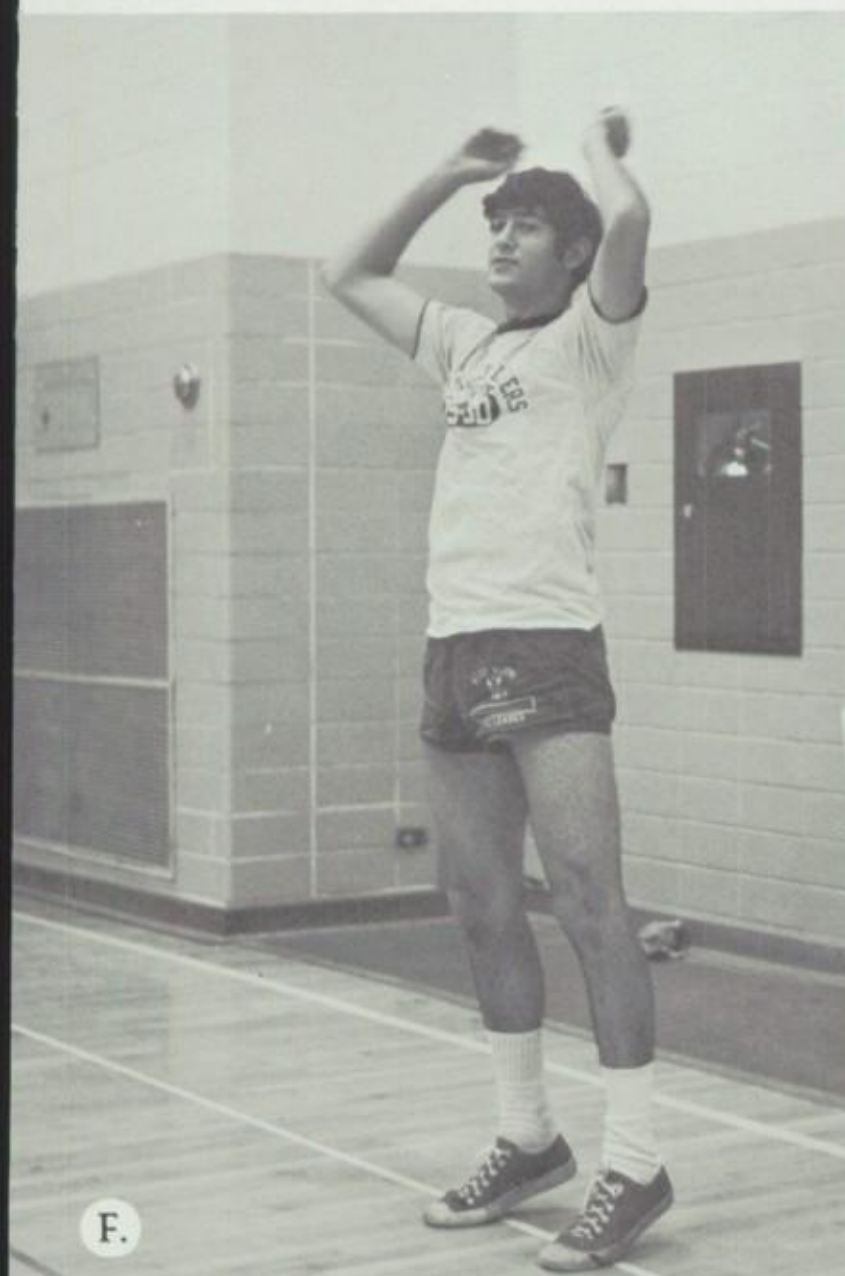

Teaching students how to conduct gym classes is the main goal of the Senior P.E. Leaders Program. For the first year, leaders spend time improving their athletic skills. The second year, leaders are taught basic teaching skills.

To be eligible for membership in N Club, boys must have earned a varsity letter in an athletic event. To raise money, N Club sponsored candy and key chain sales. They helped the Niles North Booster Club by promoting school spirit at athletic events. In February, they highlighted the year with a Donkey Basketball game.

"The N Club was left in a bad financial position after last year. With the hard work of our new faculty sponsor, Mr. Christie and the sixty members 1975-1976 was the N Club's most productive year." — David Puzes.

They were also privileged to have a professional dancer and teacher, Margot Grimmer, perform and teach them a number of basic techniques at one of their meetings. Performing a spring dance show is the main concentration of the year for the Auroris Dance Club. Members are able to express themselves creatively by choreographing and performing in their own dances.

LEADERSHIP

Leadership . . . the ability to assume responsibility and give directions. . . . a guiding light.

Administration Administration Administration

- A. Dr. Wesley Gibbs, Superintendent, is pleased with report results.
- B. **STANDING:** Mr. Fred Minkus, Mrs. Evelyn Rosensweig, Mr. George Hanus, Dr. Edward Kaminsky. **SEATED:** Dr. Eric Moch, Mrs. Shirley Garland (president), Supt. Wesley Gibbs. Not Pictured: Mr. James Gottreich.
- C. Board members relax and review the evening's agenda as they await the start of a meeting.
- D. While gathering his own thoughts, Mr. Fred Minkus listens attentively to other points of view.
- E. Dr. Eric Moch interjects a point into a discussion at a school board meeting.
- F. At the conclusion of the evening, Mrs. Shirley Garland appears satisfied with the board's accomplishments.

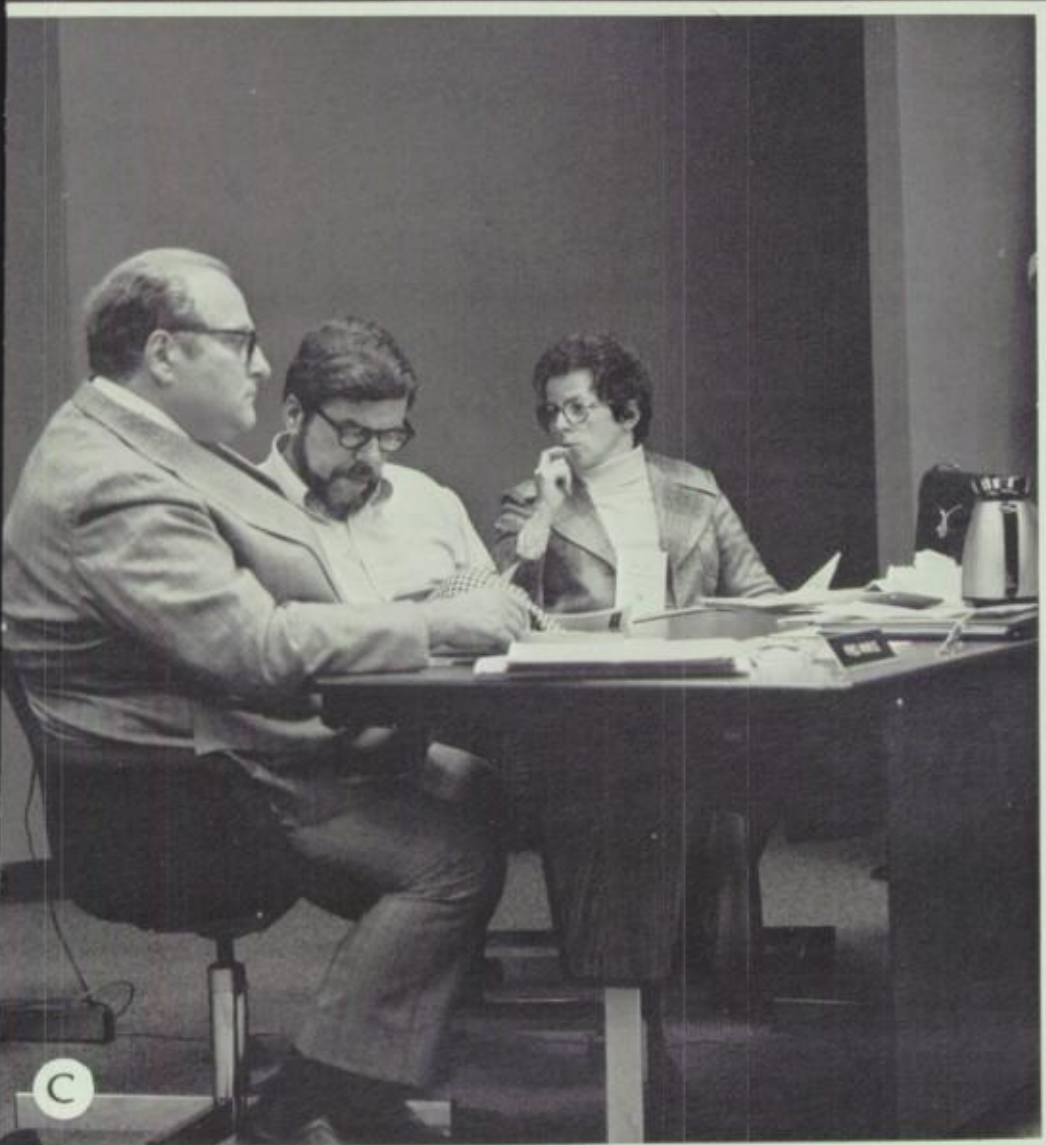

Members of the school board are concerned with balancing the school budget as well as dealing with other vital problems in District 219.

Last year, board members approved the future closing of Niles East, due mainly to the decrease in enrollment at all three Nilehi schools. This decision will have a significant effect on students, faculty and administrators.

At the beginning of this year, the board passed a \$1.4 million deficit budget for next year. Lack of tax funds and state financial support have created serious financial problems within the district.

Administration Administration Administration

- A. Dr. Gilbert Weldy, Principal
- B. Dr. Don Marcotte, Director of Student Services
- C. Mr. John Ramirez, Building Manager
- D. To avoid the activity in the main office, Dr. Weldy reviews a report while relaxing in the privacy of his own office.
- E. Dr. Gilbert Weldy delivers one of his many enthusiastic speeches to the student body.

Northi could not function properly without the principal, assistant principal, and director of student services. Each individual plays a vital part in co-ordinating school affairs.

"The Saga theme for 1976 is a most appropriate one for Niles North students. Several of our district goals aim at helping every student develop individuality, while at the same time learning group responsibilities.

Probably no two students could have the identical educational experience at Niles North. Every student's experience is truly an individual one, shaped and designed for his or her individual needs and interests.

Individuality and self understanding are important goals. However, also within the framework of a society are the requirements of respect for others, responsibility for group welfare, and an understanding of the role of institutions like our school.

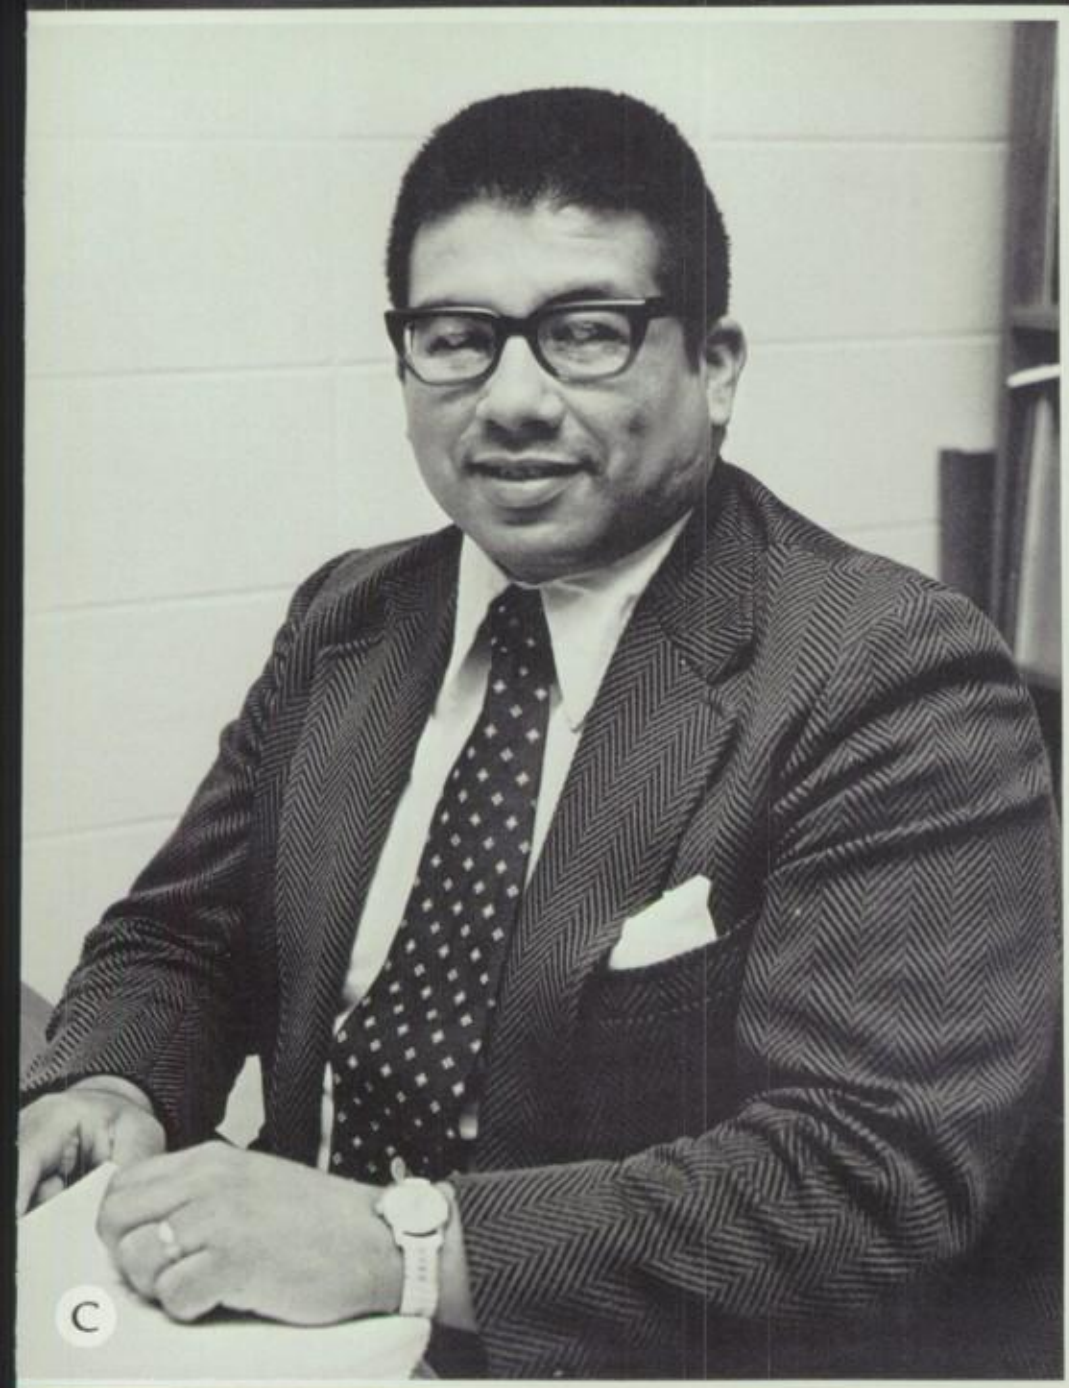

Niles North, we hope, has been a place where these goals are realized for every student." — Dr. Gilbert Weldy.

There were a great many administrative changes at Northi this year, including Mr. John Ramirez's switch from Director of Physical Welfare, to Assistant Principal.

"My job differs this year in the respect that I am no longer dealing with an instructional program. Most directors are involved with such programs. Mainly, I am in charge of the master schedules, and complaints concerning the school building or parking lot." — Mr. John Ramirez.

Administration Administration Administration

- A. Mr. John Lorenz, Dean of Students.
- B. Administration requires all-around team work and cooperation.
- C. Mr. Charles Balciulis, Dean of Students.
- D. Mr. George Baptist, Director of Physical Welfare.
- E. Northi's newest musical organization displays its abundant talent at the year's first pep assembly.
- F. Anxious to look like "one of the gang" Dean Balciulis appears in somewhat unusual garb.

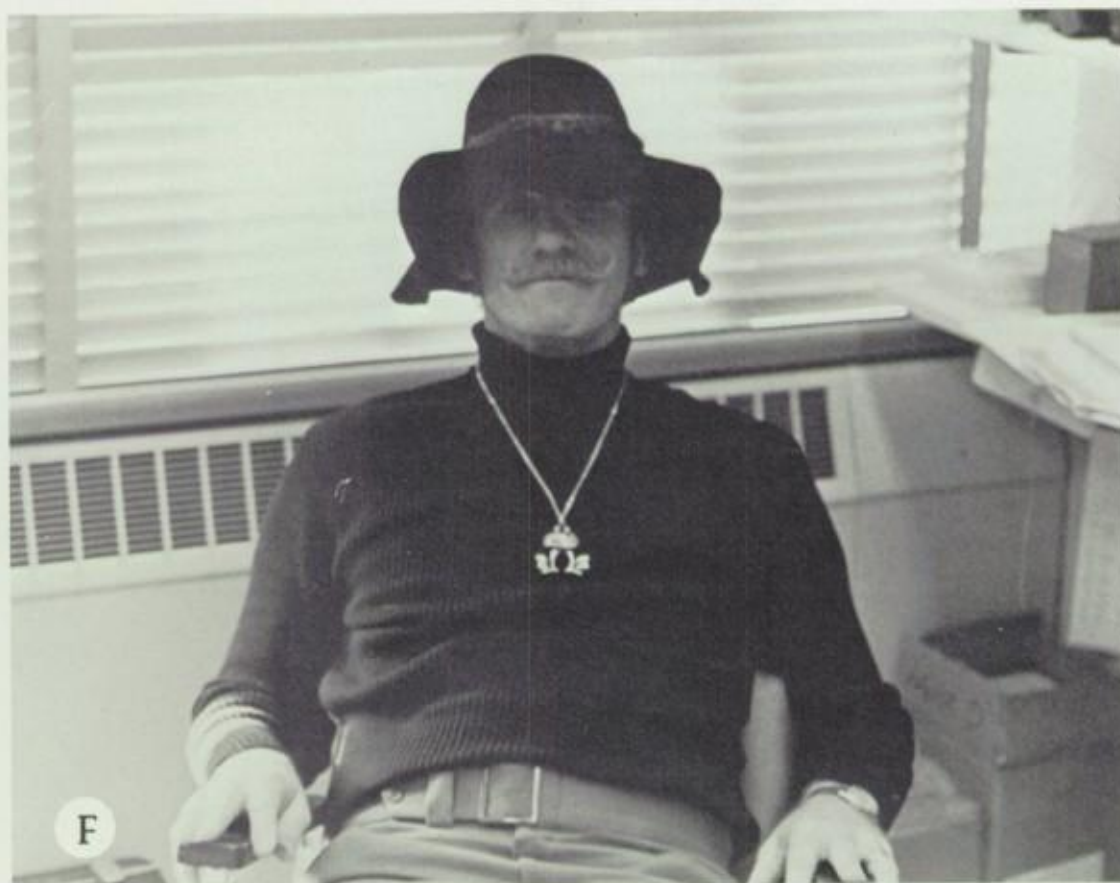

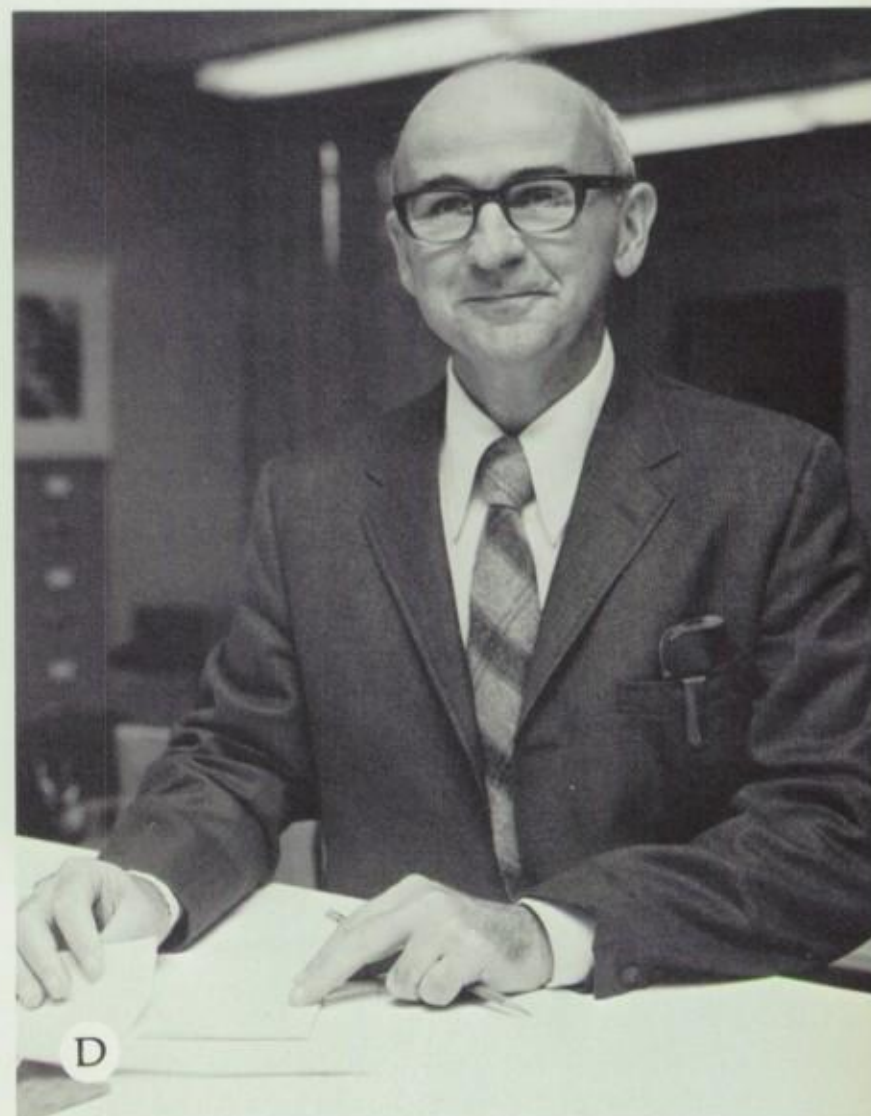

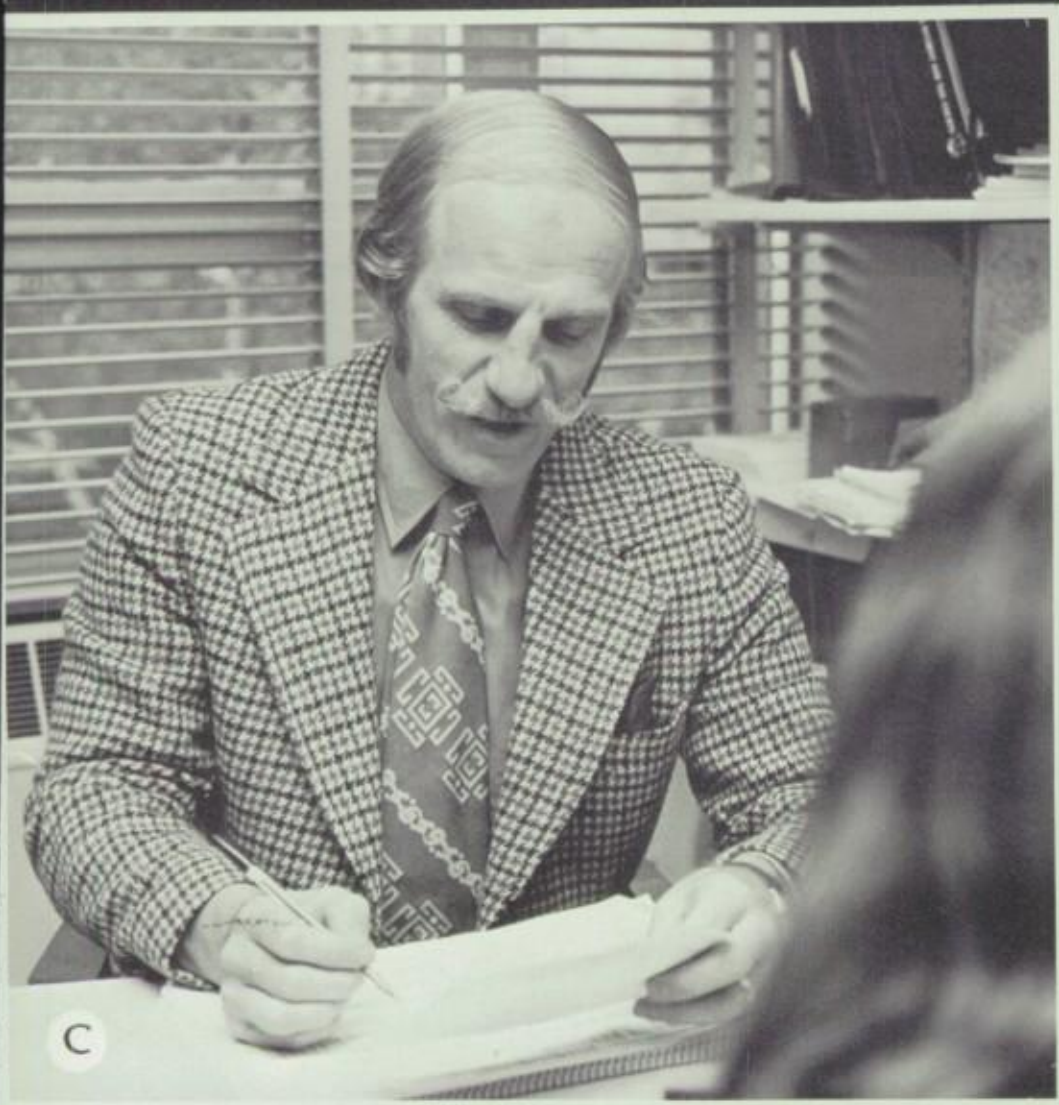

Two Niles North faculty members held new administrative positions on the Northi staff this year. Mr. John Lorenz is now Dean of Students for Halls A and B, while Mr. George Baptist holds the office of Director of Physical Welfare.

"This year my lesson plan is different. I am no longer involved in teaching classes, yet I still work with students. I enjoy it. I like working with them. Being dean is a position in which one has to have compassion and understanding.

A dean of students can be helpful. Reward isn't felt immediately from this job, but the job which a dean performs is appreciated in later years. Being sincere in my interest toward the students is my most important obligation." — Mr. John Lorenz

Administration Administration Administration

- A. Mr. Leonard Ackman, Hall A Principal.
- B. Approving a student guidebook, "Steps To Better Writing," is Mr. Olsen, Hall C Principal.
- C. Mr. Griff Powell, Hall B Principal.
- D. Mr. James Olsen, Hall C Principal.
- E. Mr. Jack Morris, Hall D Principal.

Hall principals had new departmental duties this year. Hall A principal, Mr. Leonard Ackman, is in charge of Business Education, Home Economics, Industrial Arts, and Cooperative Vocational Education. Last year, Mr. Ackman was dean of students.

Arts, music, learning materials, and social studies are the responsibilities of Mr. Griff Powell, Hall B principal. It is the job of Mr. James Olsen, Hall C principal, to see that the English and Foreign Language departments are run smoothly.

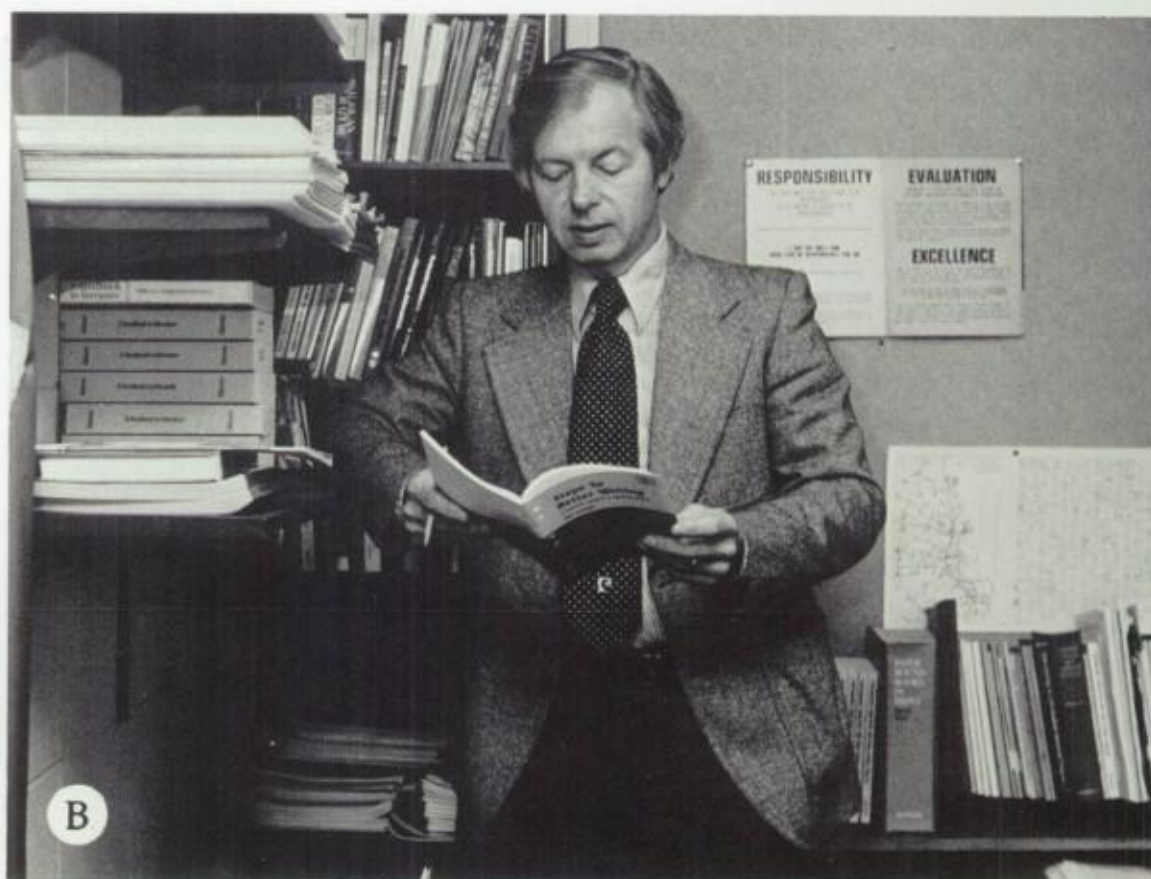

Mr. Jack Morris is principal of Hall D, and is the instructional director for both math and science.

"As director of practical arts and in charge of Hall A, my job is of a more positive nature than being dean of students was. I can deal with students on a one-to-one basis, air their complaints, and attempt to structure their learning experiences to fit their needs both academically and socially, instead of dealing with discipline problems.

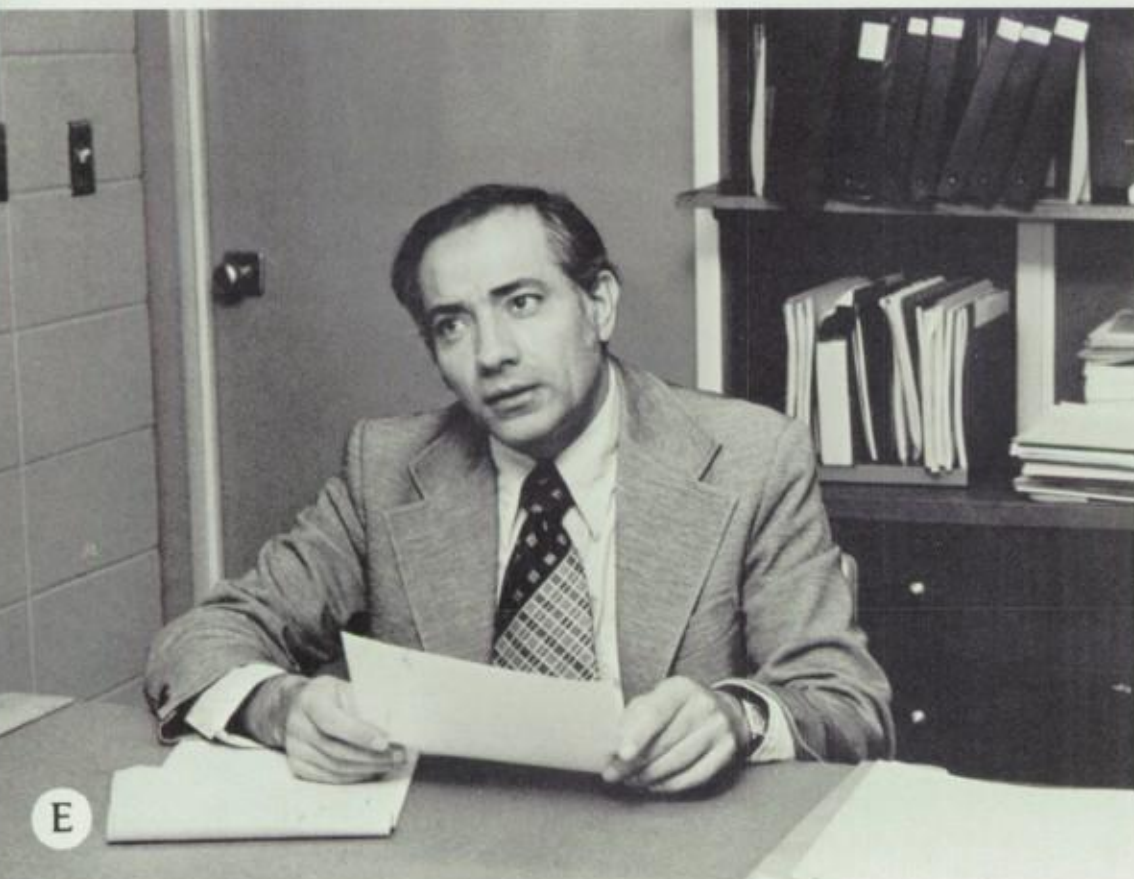

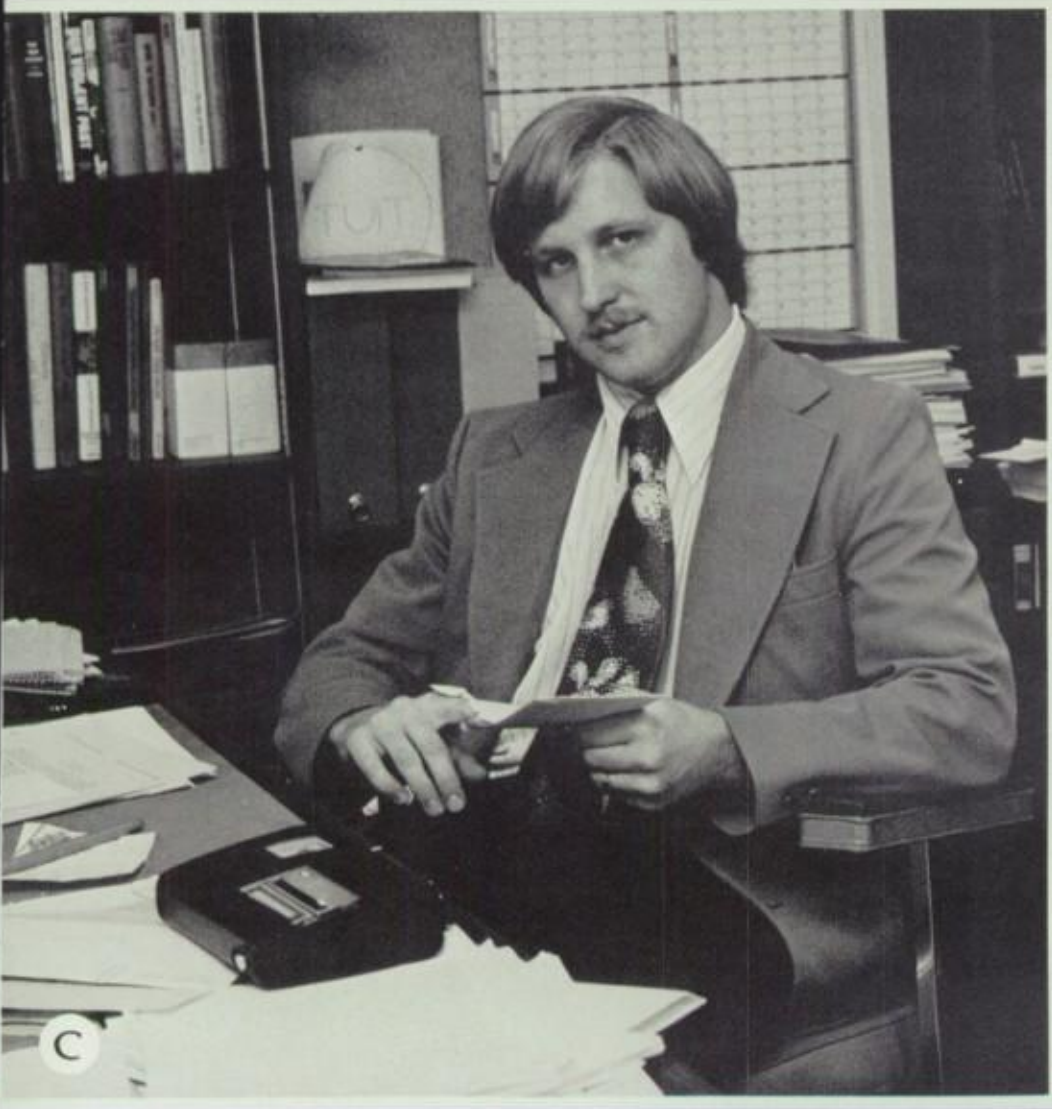

I enjoy being hall principal as well as I enjoyed being dean. I find this job enjoyable because I am dealing with the positive aspects of the student body." — Mr. Leonard Ackman

"The perception of the students, teachers, and administrators relative to various components of the school environment may differ. If the attitudes of the subgroups comprising the school are similar, it has a beneficial effect on the school atmosphere.

I believe administrators should be cognizant of the differences of opinions which exist, and may have as a detrimental effect on educational programs. An attempt should then be made to resolve those differences where possible. — Mr. Jack Morris.

Michael, I can't tell you with Gail and Craig in the bathroom
 too. Well, that's all I'm going into now. What a KLEBSHI
 (crazy) YEAR I'll love you always Love
 Gail

Dear Susan (Kleesh, Kleesh-nite, Kleesh-en-rock, "Susie", Soose-moose-sauce face, etc....)

What can I say to you. We've become such good friends in such a little time. Homecoming, Invite ... I've been with you from Ron to none to ... and I know and you know who.

We were just "medium" friends til it came around October or November and we started planning that big event: Rande's surprise party! I'll never forget what happened when I called you when we got home from Scotland "Gail, I've been trying to get hold of you, Guess what Ron and Mark want to do at the surprise party...?" Oh, the thoughts racing through my head, my heart beating ... What about the cake, our masterpiece, worthy of going in the "BAKED GOODS Hall of Fame" What about Roller Skating at the AXLE. That was a night I can't think of 1 or 2 people who would like to forget it.

Invite came running round the corner, S-I-T-I-R-A Shin BIG hey, hey and also time to, ask out for INVITE!! Susan, you were so worried ... KON-TIKI-PORTS and Sweet and Sour Sauce, God, who could ever forget.

OOPS, I forgot about Micheals party and KLEESH, that name really stuck (like glue) Got to go to English (and) Come back E+H mod tomorrow

I'm back, ready to conclude my novel! What about that super-long (over an hour) phone call that day in March or April and all we talked about was your "little problem". How scared you were and I was worried for you.

"Susan! (while I was out of breath against your locker) he, he.... remember what we did at Rande's party? He .." "Gail, he kissed you"

"Jah," "The Saga" (pun) of Charlie Brown (Rande's name for him. Then

Craig, calling me, pretending to be a friend of Steves! Or what about when you were crying cause everyone was bothering you about the fish (Gold or Pike) Want some M&M's down your shirt, how about a cold spoon and elastic instead? We must be the first to get drunk on Stanley Temples. Michael, we had vodka martinis with olives, lemon, orange, lime and cherries

Horizons ... the limits or ranges of one's outlook or experiences ... the scope of the future.

ADVISOR

Mr. Stanley Carey

Mr. Dennis Eder

American Yearbook Representative

Now guess ~~that~~ this song:
On the first day.

Lost in a crowd of faces . . . searching for myself.

In Saga '76, we hoped to emphasize self-discovery and self awareness. Each student at Niles North is unique, with different talents, qualities and aspirations; yet, we must realize that he is also an integral and meaningful component of the student body.

Working together on Saga '76, staff members encountered many unusual and unforgettable experiences. Nonetheless yearbook was not all fun and games; there were good times and there were bad times. It was a time for learning; it was a time for growing. Ralph Waldo Emerson once said that "Nothing great was ever achieved without enthusiasm." Although tears were often shed, enthusiasm prevailed.

Caring is that which enriches life. Saga '76 would never have been produced without the aid of many people who cared enough to share their time and wisdom with us. We must sincerely thank our staff. They deserve credit and distinction; their willingness to tackle the most difficult and tiresome jobs enabled us to surpass many obstacles. A special thank you to Mr. Stan Carey, our advisor, who continually offered his support and approval on ideas and decisions that we reached. Dealing with American Yearbook Company was an enlightening experience. Each time we convened with its representative, Mr. Dennis Eder, he suggested new and creative innovations to implement the book. As in the past, Miss Maureen Armbruster served as a source of journalistic knowledge; we appreciate her patience. Root Studio's flexibility enabled us to cover many last minute school events with minimal problems; we thank them for their additional services. As well as offering valuable suggestions, Honey Goldberg, former yearbook editor, served as a receptacle for our hopes, plans and tears.

There were many other students and faculty members whose assistance was vital in the construction of our yearbook. We are indebted to Ms. Maya Hulsh who donated her services to us during an extremely hectic period of time. Sympathetic to our photography difficulties, Mr. Ken Kokrda often allowed our student photographers to make use of his equipment. Mr. George Baptist and his secretary, Mrs. Gail Kalmanson, were very patient and cooperative when scheduling pictures for sporting events. We'd like to thank Max Yelin '76 for his creative artwork which enhanced the Exploration section. Joyce Meyers '76 and Grace Zucker '76 donated a great deal of time and effort to the Celebration section. We appreciate the long hours that Jordan Bayer '77, Mark Roter '77, Ian Seldin '77, and John Tobias '76, devoted to the Competition section by supplying them with many needed pictures. Of course many others were instrumental in the completion of our book. Without the support we received from understanding parents and friends, Saga '76 would never have materialized. All this has helped us recognize that people can greatly influence an individual's life.

"The greatest use of life is to spend it for something that will outlast it." Lost in a crowd of faces . . . I have found myself.

Dear Ms. Kleeest Chi-Chi,
Roff, Bow-wow-wow. Susan,
I have absolutely nothing to
write about, except for Sherry's letter
to you.

1976 SAGA STAFF

Dear Susan

It has been great being friends with ^{you} let us keep it up. We have had some good times together. Invite, homecoming and our great surprise wake-up breakfast. What a surprise! Summer school will be really great, the Klesshies together once again. How is your squirell nest? I'm not going to bother you any more about your neighbor. If you & have an affair going on that's your business and nobody elses. Maybe next year we will be in some classes together. Next year invite you should start early asking because you don't want to get stuck with Ferte! or Perry, now would you? Then next year is prom maybe god forbid we will get asked. I hope so, This year DBG should be a great Sherry will be a Presidente and will give her a lot of trouble. Now July it is Beach Boys and then in August you are going to see Chicago with your cousin Glen your adorable neighbor. Don't do anything I wouldn't do.

Hold fast to dreams
For when dreams die
Life is a broken-winged bird
That cannot fly

Hold fast to dreams
For when dreams go
Life is a barren field
Covered with snow
— Langston Hughes

Do you remember Spring vacation when we went to Harms Woods and we were crossing tree trunks over water and you little Klesshy, fell in. That was hysterical. Just think if the Beatles come in. You will never be the same. Hope about my party just with the girls, Span & elastic shirley temples, Red & Green M&M's. We should do that sometime soon. Are you going to fix Longa Lucksh up with your Cousin. We have to get together this summer, just the two of us. Maybe Sheila would get angry at us. (Don't get any wrong ideas)

Ramber Washington back in 8th grade. The night of the dance and you went into the bathroom and started crying about M.K. At your next party we will have to play that game, seduction. Such a no no. We will have to go to the beach. Maybe it was lucky you and I will

get picked up. Sherry doesn't
because she has a boy friend.
or rather we have to have
barbecue. If you get the
Bagel & Baily's you and I could

Dear Susan, (Tricky)

you are a tricky friend, but a good one. Working on the float was fun. French has been fun, even though you always make me laugh and tear my paper, and always write on me. The Carnival was also fun! Have a great summer and I'm sure I'll see you over the summer. Best wishes always.

Who comes along and tells me
he's in need of love
In need of hope or maybe just a friend.

Dear Susan,

Though there has been a gap in our friendship lately I'm definitely going to try and close it. How can I forget all of the things you've done for me. Though it seems like I have - I never will. Though this sounds corny it is truly sincere and I regret ever letting the gap grow for I am

definitely going to eliminate it. I'm really sorry for any obnoxious things I've done lately. I'm also sorry for spilling the sweet & sour sauce on you - it was unintentional! Sorry also for eating your fries at lunch - I'm a pig at heart. I guess I've run out of words to write about, but I'll never run out of words to think about you.

Love,
Randi

Hi Sue-Zunn,

What's a Kleesh? Never mind. I'll never
 forget being in Biology with you. You have
 to admit there were some really funny
 moments. Then why do I
 remember mostly
 boredom? Anyway, I'm
 glad we got
 some friends
 again. Remember
 cooking in
 7th grade??
 See ya!
 Love,
 Toni

face, Masonrock, Kleesh, Kleesh-nik,
 we met. You do
 well now. We have
 almost all the ups and
 that we possibly can,
 teen-agers. What is our
 of being a teenage girl?
 that. Our main purpose
 a teenage boy. Oh well
 failed. See ya later
 Love ya, Sandy, Beach
 Juan, Kozak, Sandrew,
 Epstein. Who loves ya-late?

Photographs and memories
 Experiences that enlightened me
 All that I have are these
 to remember you ...

Dear Susan (Kleesh):

It all started in, well you have that on page 0.

You probably have the years history also on that page too

but do you remember your party November 28th when Phil broke your lamp, well I was looking through my mothers year book for something to write and at a party she went ~~to~~ a lamp was broken & if you think some of the things the society does is weird, well you should have ~~read~~ what they did. Well that all for now, see you later

Love, (Simon Curry?)
Craig.

Dear Kleesh -
Love Mike.

Dear Masen
Hawdy. Can you believe that we're all still friends after all these years? After all, we are a kind of snob. I really don't mind overlooking your faults. But really, I'm glad that we are good friends like you all can come by. I hope we can stay friends forever. Have a great summer.
Love Always,
Susan (grab.)

P.S. Well, it's time for another loopy letter. Are you ready?
Why did you CRY IN WASHINGTON? Do you feel like
pushing Perry AWAY. Do you HATE PERRY'S GUTS? Seriously,
you are the Kleeshiest girl I ever met. Besides the fact that
you're Kleeshy, you're also a Klutz. You would have to fall in
the river at Harm's Woods, wouldn't you? What an idiot. Then
the stupid idea of making everybody up at 7:00 in the morning
& taking pictures! You smell of a Kleesh. I do you LOVE THAT
NEIGHBOR? I had to say that! I'm sorry.

Dear Sue-saw, Howdy. I'm glad we got to be friends
this year because you are really a sweet kid.
Remember when we met in sixth grade and all
those dumb things we had to do. For example, (I even
remember my lines!) "Davy the fact who can? That this
marvel of an elephant is some what like a fan?"
Remember our stoneage fashion show? well enough
of that can you believe we made it through
this year in biology. I will draw a dot game for
old time sake: 1. . . . your move! Mr. Waddell
is an Idiot dot you agree? well, I
wish you a good summer and all that other B.S.
Now I hope were friends for a long time.

Love marci

Dear Sue.
I'm really happy
we became friends this year.
I hope next year I'll see you
more often. Hope you have a great
summer. Good luck this year and
always.
Love Bridget Alpert

Dear Sue,
Well, we made
it through another
year of french. Can you
believe it? Anyways, you're
a super person and I'm really happy
we're friends. O'll see ya over the
summer. Have fun.
Love, Marcy

Hello, Sue!
